# A Letter From the Editor

From the beginning to the end, and somewhere in between, the hands of time finally started to move rapidly. Even though the moments that we've shared are no longer here, every memory reminisced about at Northeast has been captured within these pages.

The stories from pages 1-128 mark the beginning of adulthood and the ending of childhood. Life at Northeast has taught us that negative influences will never shape us into the people who we truly are. Northeast can be difficult, but only if you allow yourself to believe that it is. Being a part of the yearbook staff has helped me realize that we have all the time in the world to be an adult, and only a small amount to enjoy being what our hearts truly desire.

"To make a long story short," overseeing the yearbook has been a very challenging process, but we managed to pull it all together. Without the help of my fabulous adviser, Mrs. Shana Burton, and the yearbook staff, none of this would have been possible. Before I depart, I would like to commend and applaud the class of 2010 because we made it to the end, when our lives can truly begin.

# Making a Fashion Statement

Lights, camera, action! You don't have to go to the mall to find the hottest fashions; you can find them here right on Northeast's campus! Here at Northeast, fashion is not just a sense of style-- it's a way of life. Fashion is the Raiders' way of representing themselves and showing their unique individuality. A person's fashion tells a story without saying a word.

A friend is like a flower,  
a rose to be exact;  
Or maybe like a brand new gate  
that never comes unlatched.  
A friend is like an owl,  
both beautiful and wise.  
Or perhaps a friend is like a ghost,  
whose spirit never dies. Where would  
we be in this world  
if we didn't have a friend?

FAMILIES LINES RUN LONG & DEEP  
BROTHERS AND SISTERS ARE THE ONES YOU CAN COUNT ON WHEN EVERYONE ELSE LETS YOU DOWN. SOME SIBLINGS LOOK A LIKE, ACT ALIKE, AND THINK JUST ALIKE. SIBLINGS CAN BE THE ONES WHO KNOW YOU BEST EVEN WHEN YOU ARE DOWN AND OUT AND NEED SOMEONE TO LEAN ON. THEY CAN PICK YOU UP AND TURN YOUR EXPRESSION FROM A FROWN TO SMILE.

# MAKE YOUR

It's a long ride from the ninth to twelfth grade. When students are promoted to the eleventh grade, everything changes. First, students stop riding the bus also known as the "cheese." Second, students upgrade to a car. Third, once students get their car, they can come and go when they like. Having a car makes it a short drive from a childhood to adulthood.

A long and sweaty practice pays off at the end of the game. It takes some talented individuals to play for the Raiders. This crowning moment gave the Raiders bragging rights for the rest of the year. Head Coach Bruce Mullen motivated the team by telling the football players to play the way they want to be remembered. Cross Country is a sport that challenges your level of strength, stamina, and endurance. This year, the girls' cross country team has defended their title as region champions and are hoping to do the same next year. Without the help of these coaches, none of these accomplishments would have been possible. Running the longest mile every step of the way is far beyond challenging. If your level of physical and mental conditioning is at its highest level, then running a mile can be easier than you think. You have to want to push yourself and allow yourself to believe that you can do it. Once your mind is set, nothing will be able to change it.

# The People's Story

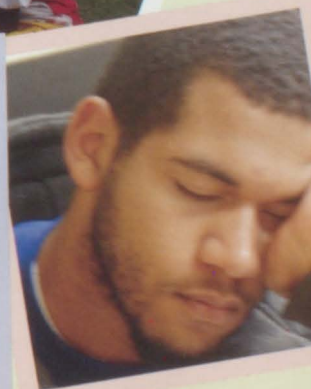

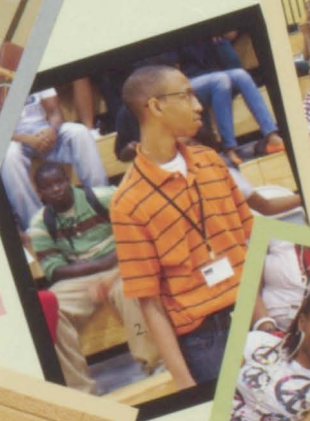

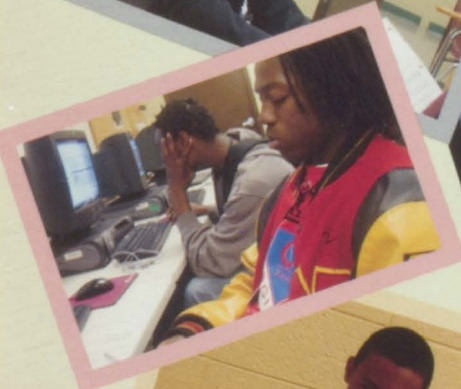

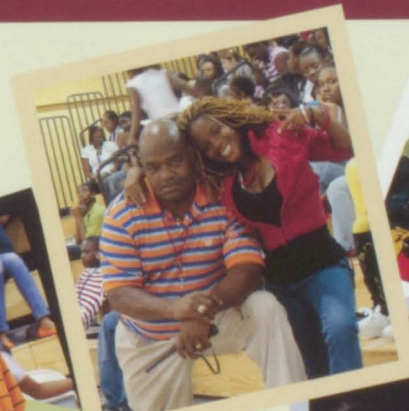

Northeast is filled with intelligent students who strive to become successful in life. We also have a great administrative staff, patient teachers, and wonderful coaches who create winning teams. The people here at Northeast come in all different shapes, sizes, and complexions. Whether it's students or staff, we all share a common bond: that Raider Pride.

## \* ADMINISTRATION \*

## \* TEACHERS \*

## \* STUDENTS \*

# The Story of A Leader

The principal's office sat vacant until Mr. Herbert Hodges filled the position a week before school started. Mr. Hodges, who is affectionately known as "Daddy Raider," has ruled Northeast with a big heart and a steady hand. Mr. Hodges's catch phrase, "Raider Time," has added a new vocabulary word to the Raider family lexicon. His motto is serving with Respect, Resilience and Responsibility. He greets his students with a warm smile and encouraging words that motivate students throughout the day. The students have come to love Mr. Hodges. We look forward to having him around in Raider Country for many years to come.

As the new principal, Mr. Herbert Hodges continues to enforce school regulations all year long!!!

## Respect

Regard highly; think much of. Respect is esteem for, or a sense of the worth or excellence of, a person, a personal quality, ability, or a manifestation of a personal quality or ability

## Resilience

Recovering readily from adversity, depression. The ability to recover quickly from depression or discouragement

# NEHS

## Responsibility

A duty, obligation or liability for which someone is held accountable; The obligation to carry forward an assigned task to a successful conclusion.

# Administrative Staff

Mrs. Tiffany Walker, Assistant Principal

Good things often come in small packages, as was in the case when Mrs. Tiffany Walker was added to our administrative staff. Don't let her small stature fool you, though! Mrs. Walker is a no-nonsense, by-the-book administrator. But don't let that fool you either! Underneath her tough exterior is a person who is caring, loving, and supportive to the students, staff, and faculty. Mrs. Walker has blended into Raider Country very well, and we're more than happy to have her to reside here.

Dr. Julia Daniely, Assistant Principal

Assistant Principal Dr. Julia Daniely is no stranger to Northeast. As a 1986 graduate from Northeast and a resident of this side of town, Dr. Daniely enjoys the history and the rich heritage that Northeast has to offer. As she continues to assist our new principal, Mr. Hodges, she is focused on getting the school back to its "glory days" by motivating students to understand that education is very important.

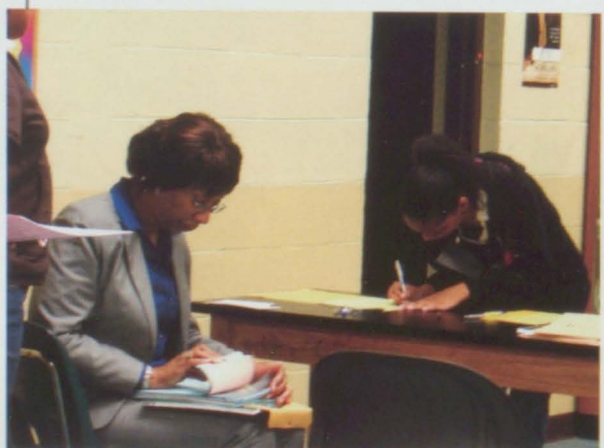

"The labels that have been placed on Northeast can't determine or shape our school into something that it's not," she declares.

Within the next five years, Dr. Daniely's main objective is to have a school of her own and to provide a safe and comfortable environment to learn in for our Northeast students.

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."

Marianne Williamson

# You're SO Busted!

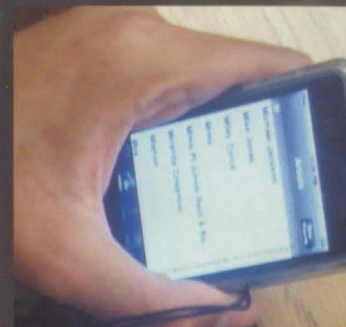

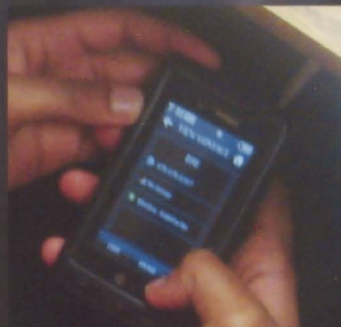

Last time we checked, sky-high heels and leggings were strictly prohibited!

No dozing off in class!

Texting in class is NOT the Raider way to be successful!

Where's that ID, mister?

The dress code is still in effect, even during lunch!

Is that a phone in your hand? And how about tucking in that shirt and putting on your ID?

**WHAT'S HOT**   
**WHAT'S NOT** 

Nine out of 10 Raiders do what they're supposed to do, when they're supposed to do it. But every once in awhile, a few of us miss the mark. This year, the yearbook cameras were there to document it. Dress code violation? Texting during lunch? Hiding an iPod underneath that hoodie? You never know when our cameras are lurking behind the corner. Don't get mad-- just let this be a warning! Come on, Raiders, we know you know better!

Polo? Oh, no! Not without an ID and untucked shirt!

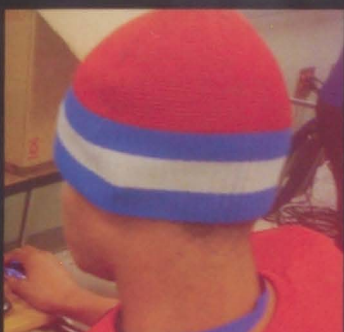

Ladies, skirts can't be any higher than two inches above the knee!

(Left) Almost made it! Shirts have to be tucked in the front and back.

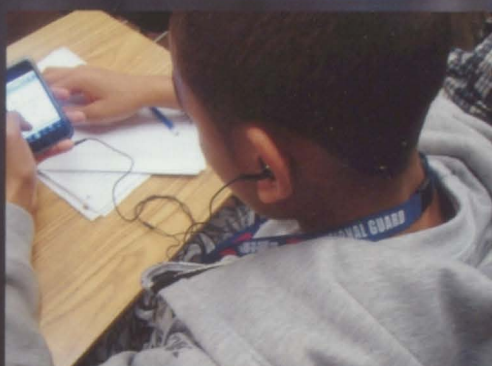

Caught red-handed!

Is that a hat on in class? Fashion Fine!

These spaghetti straps may be cute for the club but not cool for school!

At least *try* to hide the evidence!

No ID? No way, ladies!

Music soothes the soul but not during class!

As cute as they are, these heels still violate the dress code.

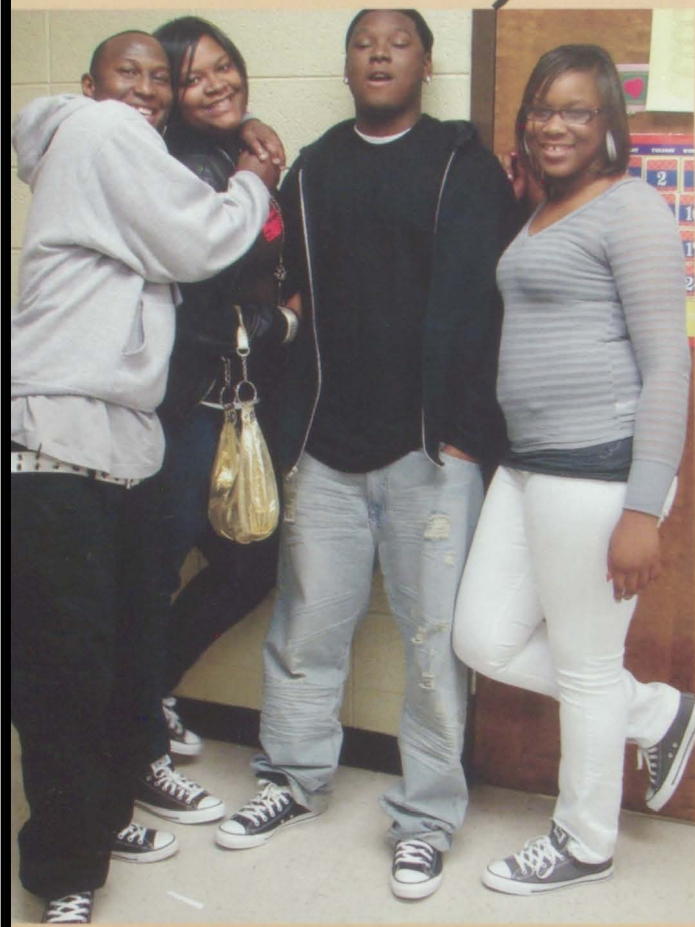

Didn't you get the memo: Pants up, shirts tucked!

You get a pass for wearing a hat in class, but only because it's Spirit Week!

# End of A Long.....

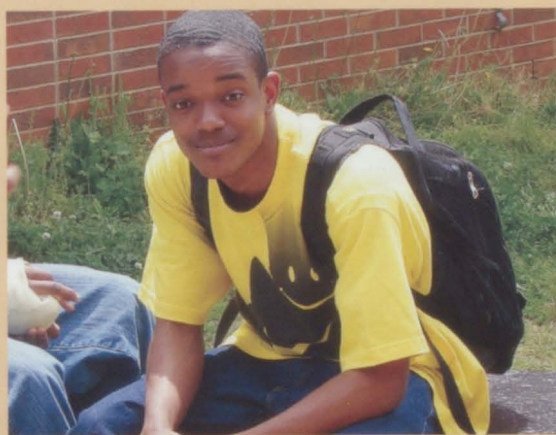

# Journey

Although we've had a great school year, all things (bad, good, or great) must come to an end. The year of 2010 has had its good and bad times, which we will keep with us forever. To make a long story short, we came, we saw, we conquered because we are Raiders, and that's what Raiders do! Look for even bigger and things in 2011 and beyond. We're out!
